

Our family at Thanksgiving

Elias is thankful too!

## VinceAndJoy

Journey with Us.

### So Thankful

The Holiday season is upon us once again. We can tell because it is getting hot! We experience the opposite weather from most of the US. The delightful smells of the traditional Thanksgiving feast wafting through the air and the sounds of people gathering, talking, and laughing are a wonderful way to get to start the season.

We may not be near our parents and other family, but we are still able to

enjoy the season. This year for Thanksgiving we will celebrate with our team and have a traditional lunch, with everything from sweet potato casserole to pumpkin pie. (The only exception being that we cooked chicken not turkey.) It is a bit more difficult to pull off a traditional feast here, but it is possible.

We are so thankful for our team, which has become our family. We are thankful for the opportunity we have to

serve God in Uganda. We are thankful for good health. We are thankful for God's constant provision. We are thankful for our family and friends back in the States who constantly give us the support and encouragement we need. We would not be here if it were not for everyone back home.

As the Holiday season kicks off this year, we truly are so thankful for so many things.■

### New Address

Please note we now have a new mailing address in the US.

Stillwater, OK 74076-1333

### Communication Update

Between ministry and Elias, it seems like there are always new/fun/interesting things happening in our lives, and not all of them get put into our newsletters. If you are interested in keeping up with pictures (<http://vinceandjoy.shutterfly.com>) and videos (<http://youtube.com/vinceandjoy>) just visit those pages. Also we are on Facebook, Twitter and have a blog (<http://vinceandjoy.wordpress.com>).

## Marching On

One of the ministries that impacts a large number of nationals is Messiah Theological Institute (MTI). It is a Bible school that offers basic and advanced level courses in Bible and practical ministry. It equips men and women to be effective church planters and discipleship leaders. Every year somewhere between 200 and 500 pass through the doors for courses from all over Uganda and Kenya. An extension school in Sudan serves to impact that area as well. Every year we rejoice as more men and women march in for graduation and then on to their communities to share their experiences and learning with the people in their villages.

This year, MTI had its 10th graduation! For 10 years, students have marched in cap and gown across the floor to get their certificates. The smiles on their faces for the accomplishments they have achieved are priceless. Twenty students graduated this year, one of them a Deaf person! As they march on to their prospective ministries, we once again wait in anticipation to hear reports of their efforts in sharing the Bible with others. We are proud of these students, and proud to be a small part of this ministry as well. ■

## Prayer Points

- Pray for the students who have just graduated from MTI and those from the previous years as well to continue to use their learning to impact the far corners of Uganda, Kenya and beyond.
- Pray for continued health for our team. Lately it seems as if we are always being crippled by one or more of our team being down with fairly serious illnesses.
- Pray for us and our families as the holiday season starts, and we miss being close to each other.

If you would like to join our Prayer Partners and receive weekly updates through email please contact us to let us know by email [vinceandjoy@gmail.com](mailto:vinceandjoy@gmail.com).
